Day 1

- 9:30 - 9:45 : Introduction to this course
- 9:45 – 10:45 : Introduction to C++
- 10:45 – 11:00 : Coffee break
- 11:00 – 12:30 : Class types
- 12:30 – 1:30 : Lunch
- 1:30 – 2:30 : loops, containers, and iterators
- 2:30 - 3:00 : Managing resources
- 3:00 – 3:15 : Coffee
- 3:15 - 4:00 : RAII

Day 2

- 9:30 - 9:45 : Recap previous day
- 9:45 - 10:45 : Templates & traits for generic programming
- 10:45 – 11:00 : Coffee
- 11:00 – 12:30 : RAII continued
- 12:30 - 1:30 : Lunch
- 1:30 – 2:30 : Algorithms and lambdas
- 2:30 - 3:00 : Linear algebra with Eigen
- 3:00 - 3:15 : Coffee
- 3:15 - 3:45 : Time to work on exercises from the course & ask questions.
- 3:45 - 4:00 : Wrap-up

Access to ARCHER2

- SAFE: https://safe.epcc.ed.ac.uk/
- SAFE Docs: https://epcced.github.io/safe-docs/
- ARCHER2 Docs: https://docs.archer2.ac.uk/user-guide/connecting/
- Project: ta205

Complete setup of machine account:

- Login to SAFE
- Set multi-factor token:
  - `Login accounts -> user@archer2 -> Set MFA-Token`
- Connect via terminal:
  - `ssh user@login.archer2.ac.uk`
  - `ssh -i [path-to-ssh-key] user@login.archer2.ac.uk`
- Get LDAP password from SAFE (first login only):
  - `Login accounts -> user@archer2 -> View Login Account Password`
- Set password (used for recovery only)
